

Skomer

A truckable compact armchair

orangebox

Product Description

Skomer, Ramsey and Sully are key additions to the Orangebox Smartworking product portfolio. Their non-hierarchical attitude compliments the designs of the contemporary workplace.

Designed to work together in small clusters, or as part of larger configurations in combination with Away from the Desk, Skomer, Ramsey and Sully have a fresh and contemporary aesthetic, offering choice, comfort and adaptability for a variety of work scenarios.

Like Ramsey and Sully, Skomer offers a refined level of comfort and support. A small tub chair with the mobility of a traditional light meeting chair, Skomer's moulded PU foam seat and backrest elements deliver crisp upholstery with the resilience to cope with high-churn environments.
